Mike Passmore's SIMPLY GREAT GOLF®

Mike Passmore is a 25-year PGA Teaching Professional that has created **the simplest, most effective instruction and training approach** for beginning golfers to professional tour players.

Mike Passmore's Simply Great Golf (SGG) Approach has been so successful in guiding golfers to play their best that new SGG students receive a no-risk, money-back satisfaction guarantee!

"The Simply Great Golf Approach is unique and superior to other teaching approaches". This is the sentiment that is constantly expressed by SGG students as they show confidence in their ability to finally reach their potential because of the sensibility and simplicity of the SGG Approach.

The foundation of the Simply Great Golf Approach is to help each student achieve their personal goals by learning the SGG Instruction Principles and Training Approach.

The **SGG Instruction Principles** teach students the simplest techniques used by the best golfers, how to achieve these techniques in the least amount of time, and how to repeat these techniques with a high level of consistency.

The **SGG Training Approach** insures that each student achieves their personal goals with the unique "Maximum Results - Minimum Practice" Training Exercises. These "homework" exercises require little time on a regular basis to achieve high repetitions and they can be practiced at home. The SGG Training Approach **is** superior to other approaches!

Take the best approach to achieving the most enjoyment from your "golf time". Simply Great Golf Lessons *are* the best value and the best investment any golfer can make in their game.

Learn to play Simply Great Golf. You'll be glad you did. Mike guarantees it!
